

Physical Chemistry of Biointerfaces II

FEBS Combined Practical and Lecture Course
CIC biomagUNE, Donostia – San Sebastián, Spain
July 9 – 14, 2012

The workshop will provide a thorough overview of fundamental concepts from biology, physics and chemistry that form the foundations of the interdisciplinary field of biointerfaces and illustrate their application in everyday research.

Speakers:

Jacob Klein (Israel); Julio Fernandez (USA); Mirjam Leunissen (The Netherlands); Martin Cohen Stuart (The Netherlands); Jens-Uwe Sommer (Germany); Nicholas L. Abbott (USA); Michael Kozlov (Israel); David Daleke (USA); Oscar Millet (Spain); Cecile Leduc (France); Sarah Cartmell (UK); Jennifer Gallop (UK); Buddy Ratner (USA); Julia Mahamid (Germany); Fredrik Höök (Sweden)

Lectures are complemented by a broad choice of "hands on" practicals. See the website for details.

Application Deadline – April 1, 2012
